

ThinkVision L2440p Wide LCD Monitor

Announcement date: 17th September 2008

The ThinkVision L2440p Wide is Lenovo's thoughtfully engineered, 24-inch widescreen LCD monitor that is energy efficient and environmentally responsible. The slim design combined with light booster technology reduces mercury content by 33% and enables it to operate at 50% less power than its conventional counterparts without sacrificing performance. It is the preferred choice for ThinkStation users running professional applications such as CAD/CAM.

The Lenovo **ThinkVision L2440p Wide** will start shipping on **17th October 2008**.

Highlights

Features of the Lenovo L2440p Wide LCD Monitor includes:
